# sex on the gurney

A couple weeks ago I got a pain in my left testicle and managed a visit to my always busy doctor. He looked at it and didn't see anything, but told me to get some ultrasound imaging done and see him again within a couple days after that. I set up an appointment with the diagnostic lab for two days later. That was a Wednesday morning and I showed up right on time to fill out the prerequisite forms.

After a fifteen minute wait, I was called into the back and escorted to a room with all sorts of medical instruments and computers. I sat in a chair along the wall and within a minute or two, a young attractive radiologist wearing flowery scrubs came in. She was carrying a clipboard, pen and wearing safety glasses.
She patted the examination table and asked me to get up on it. I obliged and went over and climbed up on it. She said hello, reading my name off the top of the form, and told me she was my technician. She would be doing the ultrasound and all I could think of was that I keep my cock from getting too excited. Then she asked me to remove my shirt and pants, put on the hospital gown, and get back on the table on my back. While I was disrobing, she turned off the ceiling lights and handed me a towel as I climbed back onto the table. Instructing me to get on my back, pull up my gown, and cover my privates with the towel. I did so as I admired her pretty profile against the computer monitor's back light.

She flipped a few switches, then pulled up her stool and sat down next to me. She held up a clear tube of gel to be sure there was enough and told me to just lay back and relax. She squirted a line of gel across my groin after lowering the towel to just below my pubic hair line. Knowing that someone would be fidgeting down there today, I trimmed my pubes leaving just enough to be manly, but low enough to not impede the ultrasound wand.

She put sensor into the jelly and begin moving the probe around my groin. She moved it up and down, pushing and prodding occasionally, then she'd hit some keys on the key

board taking readings and pictures.

I clasped my hands behind my head and watched her work. In the dim light, I saw her top wasn't buttoned all the way up and the fullness of her breasts pushed against the material. I smiled as I imagined her cleavage was the only warm place in the room. I noticed that her elbow kept brushing the towel, and I was starting to get a very nice hard on. As it pulsed to attention, I started worrying that she might notice something in her video readout.

She reached across me and started circling my furthest hip and down towards my buttock. Slowly, her breasts pushed into my lubricant laden body. My hard on was now raging and I couldn't even think of anything to put into my mind instead of her.

She straightened up abruptly. I immediately feared she was going to call in one of the other nurses. Then she said, "I got this damn jelly on my scrub top. If I don't rinse this out right now, it will stain." She went over to the corner and took off her top leaving her in her street clothes' top, a dark, lacy top and I could see that her boobs were nearly bursting out of her bra. "I'm sorry this isn't very professional. I'll be right there." She came back over and grabbed the wand again.

"Mr. Hanson, I'll have to lower your towel to continue the exam." she said as I watched her full breasts pushing against her top. She repositioned the towel and couldn't help but notice my erection. Needless to say, I was very embarrassed. She sat down again next to me. I closed my eyes as she squirted more gel over my balls, holding my penis out of her way.

Instead of a gasp, I heard her say, "My, my, my, Mr. Hanson." She rubbed the gel over my balls with the wand while still holding my cock out of the way. I closed my eyes and felt her squeeze my cock very now and then. Soon the squeezes turned into strokes. Then I felt her soft lips engulfed my penis, her warm mouth a stark contrast to the cold air. With her cold hands, she grabbed my stiff rod and cupped my aching balls. Again and again she would breathe hot breaths on my cock, and then back away as I lost control of my thrusting hips. A low moan escaped from my lips. I was in heaven, but it was a torturous heaven. She knew what she wanted – my fat cock erupting down her throat. Somehow I think she knew how much I could spurt from my rod, and she wanted to see if she could take it all.

By now, I was frantic with lust. The only thing I could think about was this technician's hot and wet lips and sending a huge load down her throat. I just couldn't resist any longer. I grabbed her head and shoved my throbbing cock deeper into her accommodating mouth, not stopping until her chin was rubbing my balls. She was ready for me, opening her throat and letting my long cock slide in. She began licking the underside of my cock with her tongue when something strange happened. My

cock, which was already as hard as a steel rod, seemed to grow harder and fatter in her mouth as it prepared to unleash a torrent of cum.

She gagged a little as my cock grew in her mouth and down her throat, but she kept licking and sucking. Then, I felt a fountain of hot cum rush up from my balls and shoot down her throat. She massaged my cock with her tongue and lips, squeezing hard and swallowing as I shot load after load. I clenched my hands on her head, emptying my balls deep into her mouth. After a few seconds, she came up for air while my cock kept spewing sticky hotness. A moment later she enveloped my spewing cock in her mouth again, rubbing her tongue all over my head and letting the cum drip on her lips and chin. Finally, as my orgasm started to subside, she sucked down my entire cock, and then came up slowly, sucking and licking the entire length of its shaft before finally popping my cock free from her mouth.

She moaned quietly. Her hand replaced the wand and slid through the light blue lubricant on my balls. She slid her hand up to my chest and then back down to tweak my nipples. I arched my back. The back of my head dug into the examination table. Suddenly she grabbed my balls harder and pulled, whispering for me to just lay there.

Climbing up onto the table, she got on her knees and straddled my legs. I noticed she was just in her panties, somehow slipping out of her pants without my noticing. Then she unhooked her bra from underneath her top. Her breasts fell forward, their weight causing them to flop out. She  turned her ass to me.

I reached between her tight thighs and felt her pussy through the panty. Her ass rotated and she started to grind against my hand as she positioned her pussy over my face. Overcome, I thrust my mouth between her hot cheeks, and my tongue sent her flying, finding her wet pussy lips. She moaned as her juices ran down my throat. I licked her rapidly hardening clit. She began to shudder, her orgasm building inside her. I sucked until her ass began to grind down on me even more. She smiled and pushed herself her pussy straight onto my cock.

It started to pulse and contract. She fell forward on the table, rubbing her nipples and fingering her clit as my cock moved with more and more force inside her. She reached back between my legs, grabbing my balls, and pulled me deeper into her. She felt I was about to cum. “Yes, go ahead, it’s okay.” she said. I came and came and came with cum blowing out of my cock and running down the inside of her legs. Spent, we collapsed together on the gurney. After a few minutes of listening to our breathing and the tinny rattle of the computer. Then she picked up the ultrasound wand and put it to her pubic hair. We watched the video until my engorge dick filled the screen. She pushed a button and, with a whrrr, a picture of my dick ejected from the machine. “That’s for my personal file.” she said.

*When I'm asked why I do adult photos and videos, I tell them because I can. I just so happen to love sex. I grew up in a house where things were very conservative. It took a few times but I got comfortable with having sex in front of the camera. All the guys early on in my career were very patient and nice, so it was easy to relax and fuck them. Now, I can do two at a time and enjoy it – a lot!*

Sex should take you places you never thought you could go. Places that are away from the norm, away from the mundane. Sex on video is a private moment for all to see, and in its own way, to share that experience. Our bodies are meant to be explored. And you can explore mine right along with Thomas.

# husband's away... lillie will play

A couple years ago, my neighbors placed their house on the market but because of the bad economy it did not sell and ultimately they went into foreclosure. A professional Asian couple bought it several months ago and I still have not gone over to introduce myself, but I thought today might be a good time. The husband always seemed to be busy and not around. His wife, Lillie, seemed friendly and usually in her smiling mood as she worked around the front yard. About a week ago I saw her outside and went over to introduce myself. She greeted me warmly and told me her name. I told her mine was Andre. She asked if that was like the famous tennis player and I said it was.

She was very cute and even though she didn't have a model figure, she was voluptuous with a slightly large top and an nicely shaped bottom. I'll say right up front that I had wicked ideas of bedding her if I got the chance to. She loved to act innocent but I knew that she was a real hottie deep inside. I started to make plans and opportunity to get near to her as often as possible without being too obvious.

My first opportunity came when their moving truck arrived. The movers left lots of boxes just outside her front door, I took the opportunity to help her out in order to gain some credibility. She welcomed my help to carry those boxes into the house because her husband was away on business and they weren't expecting the movers until then weekend.

Yes, I was planning to tempt her whenever I could. I kept myself busy moving boxes. She was casual in her shorts and t-shirt. I just could not hide my arousing bulge when I happened to walk into one of the rooms and saw her bent over, unpacking something. Her shorts had ridden up, exposing almost half of the bottom of her ass cheeks! I could not help myself so I pretended to put the box I was carrying down on the floor slowly as if it was so heavy. Well, of course I did it just behind her to get a clear view of her luscious ass.

As she worked unloading the contents of the box, she did not seem to be aware of what she was showing – or could it be that she was teasing me, too? I just took my time and let my eyes lust after her ass. How I wished I could just pull those

shorts down and stuff my cock into that ass! What if she turned around and gave me a hard slap? After a short while, she stood up and walked over to the box I had just set down. As she sat down next to it, I made no attempt to hide my bulge. I decided to show her to hint that her ass had made me so aroused! While she was sitting on the floor unpacking, I intentionally stood up and took some stuff out from the top of the big box. In that position my bulge would be directly at eye level in front of her face.

I did not look at her directly to be too obvious but I did see from the side glance of my eyes that she did look at my it. Not just once but several times. At the moments when I knew she was looking at it, I made my bulge push outwards several times with small hip movements while I helped her unpack the box. She did not say a word – nor did she object. It almost seemed as if but she seemed to be enjoying it so I knew I might have some sort of a chance. At the same time, I managed to look down at her cleavage occasionally and had no problem peeping in as she was wearing an oversized t-shirt. I She was actually wearing a push-up bra, which made her cleavage looked even deeper – and both her nipples seemed erect, too. I was thinking fast as to how to make the next move.

As she was folding her clothing, I pulled out a bag full of her intimate garments. I pulled out a pair of sheer panties and put them in front of my face. She saw me and was clearly embarrassed and so to break the silence, I complimented her on her fashion choices in lingerie. We both could not help but burst into laughter and thereby breaking the ice. I chipped in further by saying that her husband is a very lucky man to have her.

Apparently feeling a bit more comfortable with me, she started to take out her sexy lingerie as if she wanted to show it off to me. She was sitting on the floor with her legs crossed as it was more comfortable for her but also good for me as I could see part of her panties. I sat opposite her and, at times, her eyes seemed to be glancing at my obvious bulge as I did not bother to hide it. She caught me peeking at her crotch and looked down and saw herself exposing a little too much. I was encouraged when she did not make any effort to cover herself but she seemed to spread her legs slightly wider. I was thinking fast and I decided to risk it by asking, “By the way, can I just ask you for a small favor?”

“I was thinking of buying some

She told me that he was always busy and too involved with his work to notice her anymore. Some of her lingerie she hadn’t even worn. I took that to be a big hint what she had just thrown out – intentional or not. It seemed to me that she was picking up the clues and decided to play the flirting game with me. I started to lay it on even thicker by telling her that if I were him, I would keep her warm every night! She looked at me and smiled embarrassingly. Well, talk is cheap. I upped the stakes by adding more flattery which most women love to hear like ‘You are such a sexy and beautiful lady and I’m sure many guys would love to be with you.’

sexier things for my wife. You seem to have such good taste with it. What do you think she might like?"

Rummaging through her lingerie, she took out most of it and picked out one particular piece which she told me was her favorite. She passed it to me and it was quite sexy. I told her that it may look nice holding up here, but I can't imagine what it would look like. I took another daring step forward by asking if she would try it on for me so I can see what it's like on? She thought for a moment and said she would.

She went into the bathroom to change and came out wearing that sexy lingerie. I looked at her as though I was going to devour her anytime soon! She came near to me and stand in front of me. It was a sheer pink baby doll that discreetly exposed all the intimate parts of her anatomy. The front top part where the breast were, was totally transparent in a twin circular form to enhance her boobs. The bottom front were completely see through in a triangular shape to emphasis her crotch. She was still wearing her pink g-strings panties but it was also transparent that I could see a small patch of her pubic hair. And when she turned around, the bottom back part was also see through, which showed her big curvy ass barely protected by a thin floss of string panties. And at that moment when she was playing and modeling herself to me, I had already made plans in my mind that I would fuck her sooner or later. She was obviously enjoyed teasing me.

Asking me if I liked it, I responded by saying "Look at my pants!" She looked at it and smiled in return and said. "I told you that this lingerie will turn on any guy!" I could see that she was turned on too! Now was my chance...

"Lillie, since you made it so hard, are you gonna help me to cool it down?" I pulled her down and she lost her balance slightly and sat on my lap instead. With my one hand grabbing and groping her ass while the other hand went straight to her crotch. It was damn and wet. She did not resist either. She seemed to be waiting for something to happen. I took her hand and placed it on my bulge and made her rub it and let her feel my cock. I then quickly pulled my shorts down and proudly show my hardness to her. She held on to my pole and slowly jerked it up and down, bringing it to life! At that time, she opened her mouth, trying to say something and no words came out of it but only heard her soft moans. Guess it was time to shaft my hard cock into her hungry mouth!

Without another word, she gets on her knees and begins to suck my cock. Slowly at first and then picking up steam. My hands reach down under the lingerie and I massage her full boobs, finding the nipples with a gentle twist and pinch. A muffled moan comes out of the sides of her mouth as her mouth gets hungrier and hungrier for my cock. After several minutes, I came in her mouthand she swallowed every drop.

But alas, dear reader, I must stop here and pull her head off my cock. What if her husband comes home and walks in on us. Or to see if my wife comes over looking for me. Today, I couldn't risk losing what I worked so hard to get.

# beti

I'm massaging a new client today. He says he's very tense and needs some relief. So we start the session, but I think his mind gets distracted too easily. He told me how hot he thought I was. I looked at his cock and decided I wanted it in my pussy.

HE SAYS MY PUSSY'S REALLY TIGHT!

# sophia

I had always wanted to be a nude model. My body is made for it, but my mind has to be in it too. I started with some selfies in my bathroom, then I asked my bff to take some lingerie shots of me, and I liked what I saw, Then I asked her to take some more photos, but totally naked this time.

THIS MAY BE WRONG BUT I'M DOING IT ANYWAY

# danika

*With elegant grace and an unparalleled sexual appetite, Danika is a rare exception in the adult entertainment business. "I had a great career as a mainstream model, but porn was my true calling," she explains. "I didn't want to sell shoes or handbags. I wanted to promote a healthy sexual attitude and lifestyle!" Masturbating with a glass dildo in front of millions of people sounds like the epitome of a healthy lifestyle, Danika!*

MY PUSSY IS SATISFIED NOW!
